Kim-

We are in the process of gathering them and will email you the attachments within the next few days.

Regards,
Rob

Hello Rob,

I just called your office and left a message. I'm following up to see if you were able to access the archived reports regarding the soil sampling for chlordane conducted at the Northport Middle School. I meant to follow up sooner, but shortly after the holidays was deployed for Hurricane Response activities in the USVI.

If you wish to discuss, you can give me a call at (732) 452-6415.

Thank you,
Kim

Subject: Northport East Northport Follow up

As a follow up to our conversation, I am providing the link to information related to this issue:

http://web.northport.k12.ny.us/district/bg_northport_ms_information

We also seek to get the information about chlordane from decades ago that you requested. This may take some time as it is archived and we are on holiday break beginning this afternoon. We will work in earnest to get you the information as quickly as possible.

Happy Holidays!

Regards,

Rob
